Chase Pay Over Time®

Chase Pay Over Time* lets eligible Chase customers break up credit card purchases into budget friendly payments. There are two potential ways to pay over time:

After purchase (formerly My Chase Plan®): Pay off an eligible purchase you've already made of \$100 or more* in smaller, equal monthly payments. No Interest- just a fixed monthly fee† with plan durations that range from 3-24 months. Start a plan by selecting an eligible purchase with the "Pay Over Time" option next to the transaction amount in your credit card activity.

At checkout: Chase Credit card members may have the option to create a payment plan at checkout on Amazon.com. Orders totaling \$50 or more* using your eligible Chase credit card at Amazon.com could be eligible for Chase Pay Over Time. You will be able to view Chase Pay Over Time plan options (including the fixed APR and durations) at checkout.

Keep in mind: Even though you may have an eligible card, access to Chase Pay Over Time is not guaranteed. Your ability to create a Chase Pay Over Time plan is based on a variety of factors, such as your creditworthiness, credit limit and account behavior, and may change from time to time.
